TEMPORARY WATER SERVICE APPLICATION

The City of Waller offers its citizens Temporary Utility Services as a courtesy. Temporary service is available to landlords and management companies. **The charge for temporary services is a flat fee of \$35.00; this includes a maximum of ten (10) calendar days, of water and sewer service up to a maximum of 2,000 gallons.** Garbage pickup is NOT included as part of the service. Actual consumption above the maximum will be billed at the end of the temporary service period. Temporary service can be set up once every three (3) months and cannot be used consecutively. After that time, you will need to have regular service set up and an additional service deposit will be required.
